THERMFiT  

IRISH

Sa mhargadh inniu is é an éifeachtacht fuinnimh an focal buama do beagnach aon tionscadal. Fiú má chuir tú na fuinneoga agus na doirse is fearr, is féidir leat an cath fuinnimh a chailliúint i réimsí eile sa bhaile. Tríár seirbhísí tástála is féidir leat a fheiceáil cad iad na saincheisteanna eile a d'fhéadfadh a bheith agat. Is féidir droch-insliú, bearnaí thart ar pháipá agus asraonta, treá taise agus saincheisteanna eile a dhéanamh do shuíomhanna doras agus fuinneoga cosúil nach bhfuil sé ag súil leis. Déantar Íomháu Teirmeach le ceamara teas inghéiseach íogair a léiríonn go soiléir ceantair ina bhfuil teas ag éalú. Tá go leor réimsí sa bhaile ina bhfuil méideanna móra fuinnimh scaoilte seachas na fuinneoga agus na doirse. Soláthraímid "Suirbhéanna Teirmeach agus Suirbhéanna Taise" rúnda réamhcheannaigh i Nelson agus an réigiún morthimpeall.

In today's market place energy efficiency is a buzz word for almost any project. Even if you put in the best windows and doors, you can still be losing the energy battle in other areas of the home. Through our testing services you can see what other issues you may be having. Bad insulation, gaps around pipes and outlets, moisture penetration and other issues can make your door and window installation look like it is not performing to expectations. Thermal Imaging is performed with an infra-red heat sensitive camera that clearly shows areas where heat is escaping. There are many areas of a home that lose vast amounts of energy besides the windows and doors. We provide confidential pre-purchase "Thermal Inspections & Moisture Surveys" and are based in Nelson but travel the region.
